

1. What 3 factors most influence the request for a VCR in your practice?

Examples: Older child, allegations of alienation, lack of other resources for child participation, funding for VCRs is/is not available

2. What are the MAIN advantages to mental health professionals doing VCRs, in your view?

3. What are the MAIN advantages to lawyers doing VCRs, in your view?

4. In what ways could a VCR be misused or dangerous, in your view?

5. Will you make any changes to how you request/receive VCRs as a result of this presentation – if so, what?

Thank you!
